HIGHLY IMPORTANT

TO COOPERS, MILLERS AND PACKERS.

LITTLE'S PATENT ROTARY

STAVE CUTTER

The Best Stave Machine ever invented.

CAPABLE OF CUTTING FIVE THOUSAND STAVES IN AN HOUR.

This newly patented Machine excels all previous inventions for the same object, in the quantity and superiority of its work. The number of Staves it will cut in any given time, is limited only by the ability of the tender to feed it. The construction of the Machine is very simple. The knives are inserted in a revolving cylinder, about the size of the barrel for which the staves are designed. The timber is placed on a permanent platform inside the revolving cylinder, and at whatever speed it runs, the knives cut two Staves every revolution, while they are fed.

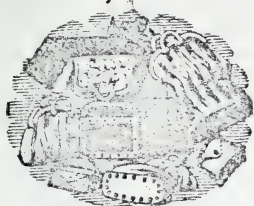

The Machine is also provided with two end cutters, which cut off each end of the Stave, leaving it smooth and square at the end, and of any desired length. The timber is not fed to this Machine by hand, as is the case with all others, but it is provided with two iron dogs, which are operated by a crank on the outside, which presses the timber up firmly to the knives, and insures the operation of the end cutters, and also insures a more uniform thickness of Staves than can be attained by any other Machine. With three or four horse power, and three hands to attend the Machine, from 4,000 to 5,000 Staves can be cut every hour it is run. The Machine makes a beautiful smooth Stave of exactly uniform size—square at both ends. It can be adjusted to cut of any thickness. Machines can be furnished of a size to cut Staves for tobacco, sugar, and other large hogsheds. The strokes of the knives check the timber much less than in other Machines, and very slightly disturb its grain.

The following reasons constitute some of its claims to public patronage:

1st. This Machine is simple, substantial and durable, and in no way likely to get out of order. 2d. It is compact—occupying but a small space of from four to six feet. 3d. Being rotary in its movements, it does not require more than half the power of a reciprocating Machine to do the same amount of work. &c., &c.

FORT WAYNE BENDING FACTORY

FORT WAYNE, IND.

EVERY VARIETY OF

Wagon, Carriage and Sleigh Stuff,

Including Bent Felloes, Bent Cutter Stuff, Runners, Buggy Shafts, Bent Bows. Also, Bent Plow Handles. Our Timber is carefully selected, and we warrant our Goods equal to the best in market.

Improved Thimble Skeins & Boxes manufactured for N. G. Olds & Son.

A LIBERAL DISCOUNT TO WHOLESALE PURCHASERS.

Whilst we guarantee our Skeins and Boxes, equal in every other respect, to any in use, we claim for them the following points of superiority:

1st—They are made from the very best of Iron—reference being had to strength and hardness—in order to secure the greatest durability.

2d—Both the Skeins and Boxes are perfectly round and smooth; are heavier than most other brands—thicker at the shoulder, and having a heavier band at the butt—they need no bands of wrought iron; thus saving at least 50 cents per set, in labor.

3d—The Nuts are of uniform size for each size of Skeins, and when lost may always be replaced with certainty, without the usual trouble and annoyance.

N. B.—In ordering odd Skeins to match others, always give the size each way across the butt, *inside*.

Soliciting your orders, we are, respectfully yours,

AMBROSE HODGES, manufacturer of **C. A. CLARK'S PATENT IRON PUMP**. This Pump has valves in each end, opening and closing alternately, so as to keep the Pump constantly full, and the loose valve in the hollow plunger that closes the holes in the upper and lower sides alternately, so as to force the water up the pipe in a constant stream. Capable of throwing water from a well one hundred feet deep. The water drops back when you stop your leverage, so there is no danger of freezing. This Patent is applicable to fire engines as well as Pumps. Also, manufacturer of all kinds of Wood Pumps. Madison Street, opposite Court House, Franklin, Indiana.

# LAFAYETTE EYE, EAR AND LUNG INFIRMARY.

---

THE OLDEST ESTABLISHED AND MOST SUCCESSFUL INFIRMARY

FOR THE TREATMENT OF ALL DISEASES OF THE

EYE, EAR,  
AND LUNGS,

WEST OF THE MOUNTAINS.

OVER 10,000 PATIENTS

HAVE BEEN TREATED AND CURED

By the Proprietor during the last fourteen years.

---

No prescription will be made without first seeing the patient. No case will be put under treatment where there is no prospect of cure. In all cases where a cure is promised, the patient complying with my directions, and relief is not obtained, no charges whatever will be made for medical attendance.

The Lafayette Infirmary has been open about fourteen years, during which time there have been treated some ten thousand cases; many of whom have been afflicted from one to ten years, and in nearly all cases those patients have been treated by the best medical men in the country previous to their coming under my treatment. I invite all who may wish to get any information concerning my success in practice, to call on those who have been treated by me. By doing this the facts may be obtained, and none will be misled. Every patient who has been under my treatment will be acquainted with others. As I have from twenty to fifty cases under treatment all the time, consequently the only way to get the most correct and satisfactory knowledge concerning my cures, is to see the patients themselves. This course will give full satisfaction, as any person who has been afflicted can fully appreciate the condition of those suffering.

N. B.—All letters of inquiry must contain a post office stamp for return of answer.

# RURAL HOME WATER CURE, AND HYGIENIC INFIRMARY.

This Institution is beautifully located, one mile south of the village of Wabash. The surrounding country is remarkable for beauty of scenery and salubrity of atmosphere. The building was erected for the special purpose of making a home for invalids, and no pains or expense have been spared to render the means for curing the sick as thorough as possible, and making the establishment a first class health institution in every respect.

Dr. Jones still devotes special attention to Diseases of Females. His treatment is new, and never fails of success, unless there are other serious complications.

Dr. Miles devotes special attention to Physical Education and practice of the "Swedish Movement Cure." The worst forms of Muscular Weakness, Spinal Curvatures, and Physical Deformities permanently restored by his treatment.

They also treat all affections of the Eye and Ear with uniform success, and they have never yet failed to cure the worst forms of Rheumatism and Neuralgia, by the administration of their celebrated "Hydro-Electric Baths."

For further particulars send for general circular, or Ladies, send for Dr. Jones' Private Circular to Females; also, send for a copy of the "Western Health Journal," published monthly by Drs. Jones and Miles, at 50 cents per annum. Specimen copies sent free on application. Address:

## Railroad.

**SHORTEST ROUTE BY 30 MILES.**

**THE ONLY ROUTE WITHOUT CHANGE OF CARS.**

Three Trains leave Indianapolis daily, on the arrival of Trains from Peru, Lafayette and Terre Haute.

**Through to Cincinnati in advance of all other Routes.**

Connecting at Cincinnati with all the Great Eastern and Southern Railroad Lines and with Steamers on the Ohio River.

The Line of the Indianapolis and Cincinnati Railroad commences at Indianapolis, the Capital of Indiana, and passing through the towns of

Shelbyville, Greensburg, Lawrenceburg and North Bend.

(In view of the Residence and Tomb of the late General Harrison,) terminates at Cincinnati, the Queen City of the West.

This Road was projected with a view to accommodate the travel and traffic, which, coming from the North-West, seeks, through the Railroad City, (Indianapolis,) a direct avenue to the great Commercial Metropolis of the West.

For this purpose the two cities have been connected by a direct line of Railroad of uniform gauge, 110 miles in length, built in a style second to no other road in the Union, being first class in all its equipments for the transportation of passengers and freight in the shortest time and at low rates.

With favorable and reliable arrangements with all connecting Roads, throughout the entire West, this Line guarantees unusual care and the amplest accommodations to its patrons.

**SLEEPING CARS ATTACHED TO ALL NIGHT TRAINS.**

The Company's exclusive Telegraph Line is used, when necessary, to govern the movements of Trains, and Loughridge's Celebrated Patent Car Brakes are attached to all Passenger Trains, by which they can be perfectly controlled; besides all the other modern improvements necessary for the comfort and safety of Passengers, the managers of this road have liberally provided.

**FARE THE SAME AS BY ANY OTHER ROUTE.**

**BAGGAGE CHECKED THROUGH.**

# THE TOLEDO AND WABASH

## RAILWAY,

WITH ITS IMMEDIATE CONNECTIONS,

The Great Western Railway of Illinois, the Quincy and Toledo Railway, and the Logansport, Peoria and Burlington R. R.,

Though under separate organizations, are so combined together in interest, as to form one united line, commencing at the terminus of the Lake Shore Line in Toledo, and terminating on the Mississippi at Burlington, Quincy and St. Louis.

A glance at the Map will show that the geographical position of this Line for the business it claims is unrivaled. Traversing the States of Ohio, Indiana and Illinois, in a south-westerly direction, it intersects the principal thoroughfares of that region, affording connections always reliable, since from the superior directness of this Line its Trains must always arrive at the crossing-places in advance.

The Trains of this Line, leaving the Union Depot at Toledo on arrival of trains from the Lake Shore Road, and from Detroit, make the following important connections:

**At Fort Wayne** with the Pittsburg, Fort Wayne and Chicago Railway, to and from Pittsburg, Philadelphia and Baltimore.

**At Peru** with the Peru and Indianapolis Railway, for Indianapolis, Cincinnati, Louisville, Ky., and Nashville.

**At Logansport** the Logansport, Peoria and Burlington Railway diverges.

**At Lafayette** with the Louisville, New Albany and Chicago Railway, and with the Lafayette and Indianapolis, affording the most direct line from Columbus, Indianapolis and Cincinnati, to Quincy and St. Joseph.

**At Tolono** with the Chicago Branch, and at **Decatur** with the Main Line of the Illinois Central Railway, for Cairo, Memphis, Vicksburg and New Orleans.

**At Springfield** with the Chicago, Alton and St. Louis Railway, for Alton and St. Louis.

**At Quincy**, by the Quincy and Palmyra Railway, direct connections are made with the Hannibal and St. Joseph Railway, for St. Joseph and the Far West.

# MAY'S PATENT JAIL,

PATENTED OCTOBER 4, 1859.

## Saw Proof Gratings for Prisons,

PATENTED MAY 29, 1860.

In my arrangement the Jailor need never come in contact with the prisoner. There is always a grating of iron between the keeper and those confined, who are under his control, without the risk of direct communication, the danger of which is known to all who have the charge of prisoners.

Jails already built can easily have my patent improvement added at a small expense, and it is equally adapted to stone or iron prisons.

A circular, with full particulars, will be sent on application to

# JAMES PALMER & CO.,

## NET CASH DRUG WAREHOUSE,

### No. 439 Market Street,

### PHILADELPHIA.

I have this day disposed of my interest in the firm of Peter T. Wright & Co., with whom I have been for the last nine years, and purpose opening a first-class wholesale Drug Establishment on strictly net cash principles, for the following reasons:

*First.* To save from five to eight per cent. on sales, usually lost in bad accounts.

*Second.* To save five per cent. on sales usually paid for book-keeping, books, postage, &c.

*Third.* To save the expense of salesmen, to whom is usually paid six to eight per cent. commission on their sales.

*Fourth.* To save from eight to fifteen per cent. for money to meet liabilities incurred by the credit system in times of financial embarrassment.

This is the principal on which we commence, with a firm and steadfast resolution to adhere strictly to it. Soliciting for my new firm a continuance of the favors so liberally bestowed upon me heretofore,

I am your obedient servant.

JAMES PALMER.

OUR DRUGS WILL BE ALL FRESH AND OF THE BEST QUALITY.
